

PI buzz Alert

Around the Internet

New people finder search engine [Pipl](#) claims to more effectively search the deep Web. Scroll to the bottom of the search results to see Web sites categorized by "Profiles and Directories", "Public Records", "Periodicals" and "Web pages". I [searched by my name](#) and got a good sense of the current sites included in their search engine. Pipl has a [page](#) showing some of the icons of included sites.

Page Sponsors

Search Systems - the original, largest, most up-to-date and reliable directory of public records on the Internet.
