

Subsection 116(b) provides that the chair of the Senate Committee on the Budget shall submit after April 15 and no later than May 15, 2014 for publication in the Congressional Record allocations of budgetary resources for each congressional committee, aggregate spending and revenue levels, and levels of revenues and outlays for Social Security that will be enforceable as if included in a conference agreement on a budget resolution.

Subsection 116(c) provides that the submission pursuant to subsection (b) may also include reserve funds for fiscal year 2015 that are the same as those included in section 114(c) and (d) updated to cover the new budget window.

Subsection 116(d) provides that the filing referred to in subsection (b) for fiscal year 2014 shall supersede the statement referred to in section 111(b).

Subsection 116(e) provides that this section shall expire if a concurrent resolution on the budget for fiscal year 2015 is agreed to by the Senate and the House.

Sec. 117. Exclusion of savings from PAYGO scorecards.

Subsection 117(a) provides that the budgetary effects of this Act shall not be entered on either PAYGO scorecard maintained pursuant to section 4(d) of the Statutory Pay-As-You-Go Act of 2010 (Public Law 111-139).

Subsection 117(b) provides that the budgetary effects of this Act shall not be entered on any PAYGO scorecard maintained for the purposes of section 201 of S. Con. Res. 21 (110th Congress).

Sec. 118. Exercise of rulemaking powers.

This section states that the provisions of this subtitle are enacted as an exercise of the rulemaking power of each house of Congress and that each house retains its constitutional right to change such rules as they relate to that house.

Subtitle C—Technical Corrections

Sec. 121. Technical corrections to the Balanced Budget and Emergency Deficit Control Act of 1985.

This section corrects technical and grammatical errors in the Balanced Budget and Emergency Deficit Control Act of 1985.

Sec. 122. Technical corrections to the Congressional Budget Act of 1974.

This section corrects technical and grammatical errors in the Congressional Budget Act of 1974.

TITLE II—PREVENTION OF WASTE, FRAUD, AND ABUSE

Sec. 201. Improving the collection of unemployment insurance overpayments.

Many states use the Treasury Offset Program (TOP) to recover Unemployment Insurance (UI) debts stemming from overpayments due to fraud or failure to report earnings. However,

other states are not using this tool. Section 201 amends the Social Security Act to require states to use TOP to recover the specified UI debts. States are required to provide due process opportunities for individuals to challenge the validity of the debt, before seeking to recover the funds through TOP. This section would ensure that all States will participate in TOP and recover UI debts.

Sec. 202. Strengthening Medicaid Third-Party Liability.

By law, Medicaid is the payer of last resort for medical treatment. Section 202 would affirm Medicaid's position as the payer of last resort by strengthening third-party liability to improve states' and providers' abilities to receive payments for beneficiary services, as appropriate.

Subsection 202(a) allows states to delay payment of costs for prenatal and preventive pediatric claims when third parties are responsible and allows states to collect medical child support where health insurance is available from a non-custodial parent. This authorization is limited to the extent that beneficiary access to care is not negatively impacted.

Subsection 202(b) allows Medicaid to recover costs from beneficiary liability settlements.

Subsection 202(c) provides that these amendments shall take effect on October 1, 2014.

Sec. 203. Restriction on access to the death master file.

The Death Master File (DMF) is a list of deceased individuals maintained by the Social Security Administration (SSA). The DMF contains the full name, Social Security Number, date of birth, and date of death for listed decedents, and it is updated weekly. This information is distributed through the Department of Commerce and is widely available on many websites for free or for a nominal fee.

Section 203 would establish a program under which the Secretary of Commerce restricts access to the information contained on the DMF for a three-year period beginning on the date of the individual's death, except to persons who are certified under a program to be established by the Secretary of Commerce. Under the program, persons who have a fraud prevention interest or other legitimate need for the information and agree to maintain the information under safeguards similar to those required of Federal agencies that receive return information, as described in section 6103(p)(4) of title 26 of the United States Code, may apply for certification. The Secretary of Commerce reviews the eligibility of applicants, examines safeguards for protecting the information and conducts audits of certified entities to assure compliance with safeguards.

As part of implementation of the required program, the Secretary of Commerce is required to establish and collect user fees sufficient to recover all costs associated with the certification program. The Secretary of Commerce is required to report both the total fees collected and the total costs of administering the certification program. The required report is to be submitted annually to both the Senate Committee on Finance and the House Committee on Ways and Means.

A penalty of \$1,000 for each disclosure or misuse of the information is imposed on any persons who improperly disclose the DMF information. A certified person in receipt of DMF information is responsible for any subsequent disclosure of such information. Even if the initial disclosure to a third party is appropriate, if that third party subsequently improperly discloses the information, the certified person is deemed to have also improperly disclosed the information. Thus, in a case in which the improper disclosure is made by a third party who received the information from a certified person, both the certified person and the person who improperly disclosed the information are subject to the penalty. The penalty may not exceed \$250,000 per person for any calendar year, except in the case of willful disclosure. In such cases, the penalty is not limited.

The provision also brings the DMF within the scope of the exemptions available under the Freedom of Information Act to ensure that Federal agencies do not disclose the information about deceased individuals maintained by SSA or contained in the DMF, except to recipients who are certified persons.

Section 203 would be effective 90 days after the date of enactment, except for the FOIA exemption, which would be effective upon date of enactment.

Sec. 204. Identification of inmates requesting or receiving improper payments.

The Social Security Administration's (SSA) Prisoner Update Processing System (PUPS) contains all identifying information requested by the SSA and supplied by a reporting source, including the individual's name, Social Security number, date of birth, sex, date of conviction, date of confinement, inmate status code, and such other information as may be supplied or acquired by SSA during the suspension or reinstatement of retirement, survivors, or disability insurance benefits. PUPS contains Federal, State, and local prisoner data.

Subsection 204(a) expands the information the prisons are required to report to SSA to include release dates, making the system more valuable to users.

Subsection 204(b) authorizes the Commissioner of Social Security to transfer PUPS data to the Department of the Treasury on a regular basis, where it will be maintained for use by other Federal agencies. The PUPS data will help prevent prisoners from illegally receiving payments, such as unemployment compensation from the Department of Labor, and identify individuals who are filing fraudulent tax returns. This subsection also authorizes the use of PUPS data for research conducted by Federal and state agencies.

Subsection 204(c) updates the authorizing legislation for the Do Not Pay Initiative to include a requirement for agencies to query PUPS prior to certifying a Federal payment or award.

TITLE III—NATURAL RESOURCES

Sec. 301. Ultra-deepwater and unconventional natural gas and other petroleum resources.

The ultra-deepwater and unconventional natural gas and other petroleum resources program, which was created by the Energy Policy Act of 2005, is a public-private partnership that was designed to develop technologies to increase America's domestic oil and gas production and
